- Contact Jennifer to set up meeting
- Complete Volunteer Application (during meeting)

SPORT or Recreational Schedule

Sport Schedule:

K-6th grade: 4:30-5:30pm, Mon-Friday

Max # of UCI Students

2 interactive students per day.

Observers: 2 per day

Special Notes: Turtle Rock Kids Club has planned activities (but open to collaboration with UCI students), such as parachute, sport games, etc ‘

Also, they have “free play” times outdoors. Such times can also work, but one must not simply observe, but rather be interactive with the children.

Staff plans program activities for the month, so there is not a monthly or weekly theme. Activities vary by day depending on what activities staff have planned for them. All volunteers are required to design an activity for the appropriate age range and implement the activity on their next scheduled shift.

They also like to have sports volunteers here during our free play time; the participants do a lot of activities such as handball, jump rope, four square, basketball and baseball. If they have the staff we will also do an organized game in the meadow.
